interface Hoàng Trọng Quân
Bài 1 MSSV 1358080222

```
interface Mail {
    void sendMail();
    void log();
}
class MailImpl implements Mail {
  @Override
  public void sendMail(){
      System.out.println("sending mail...")
}
  @Override
  public void log(){
      System.out.println("Logging mail
info...");
  }
}
```

Bai 2. Hoang Trong Quan
13_DH_CNTT 5.

```
public interface Shape {
    String color = "Red"
    void draw();
}
public class Rectangle implements Shape {
    private double width;
    private double height;

    public Rectangle (double width , double
height) {
        this.width = width;
        this.height = height;
    }
    @Override
    public void draw() {
        System.out.println("Draw Rectangle
- color : " + color);
        System.out.println("width : " +
width + " , Height : " + height);
    }
}
```

HONGHA

```
public class circle implements Shape {
  private double radius;
  public circle (double radius) {
      this.radius = radius;
  }
  @ Override
    public void draw() {
        System.out.println ("Draw circle
- Color: " + color);
        System.out.println ("Radius: "+
radius);
    }
}
4 Test main
public class Main
  public static void main (String[]
 args)
{
      Shape hcn = new Rectangle (5, 10);
      Shape tron = new circle (7);
      hcn.draw();
      tron.draw();
}}
```
